2. Click "Sign in"

Sign in

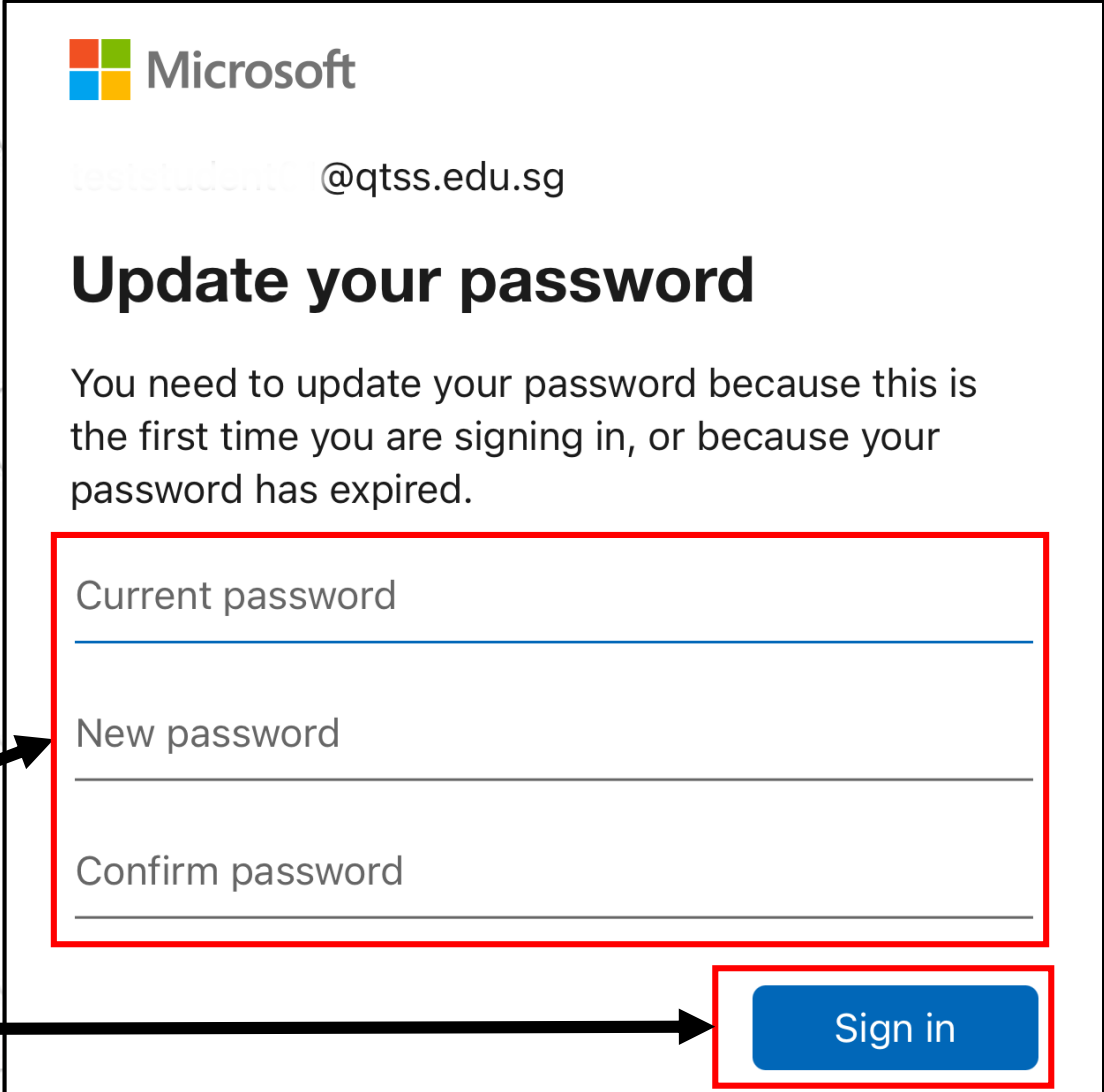

Mobile Screen

STEP 3: Set a New Password

NOTE: Password must be at least 8 characters and must combine uppercase and lowercase letters, number and symbols. They cannot be your user name.

1. Use this section to set a new password

2. Click “Sign in”

The screenshot shows the Microsoft login interface for a user named 'teststudent' with email '@qtss.edu.sg'. The title is 'Update your password'. A message states: 'You need to update your password because this is the first time you are signing in, or because your password has expired.' Below this, there are three input fields: 'Current password', 'New password', and 'Confirm password'. These fields are grouped by a red rectangular border. At the bottom right, there is a blue 'Sign in' button, also highlighted with a red rectangular border. An arrow from the first instruction points to the password fields, and another arrow from the second instruction points to the 'Sign in' button.

**1. Select
"Singapore (+ 65)"**

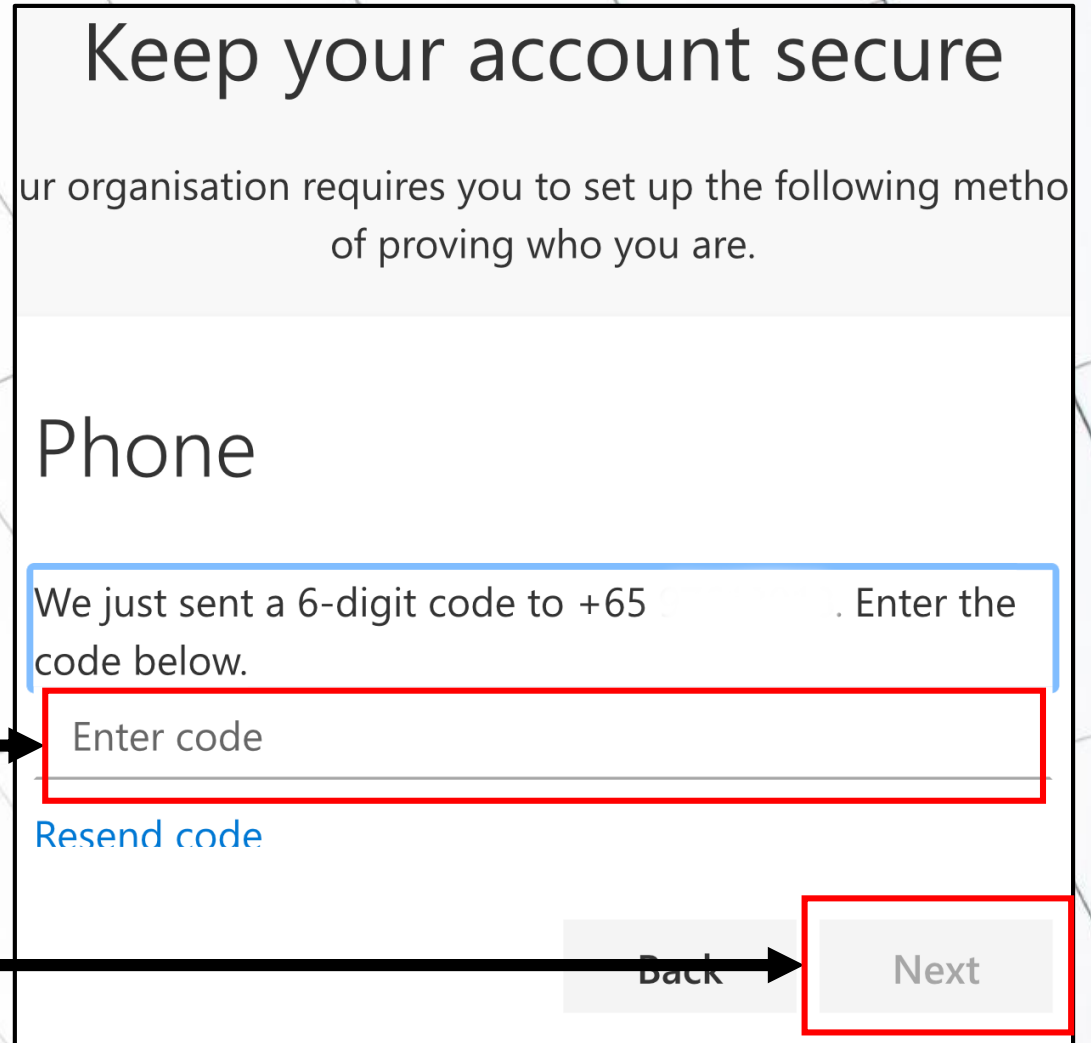

3. Click "Next"

STEP 5: Register Your Phone Number

NOTE: If you have problem registering your phone number, you can scroll down and click on “Skip Setup”.

1. Enter the 6-digit code that was SMS to you.

2. Click “Next”

The image shows a mobile screen with a grid background. At the top, the text 'Keep your account secure' is displayed in a large, bold font. Below it, a message states: 'Your organisation requires you to set up the following method of proving who you are.' The section is titled 'Phone'. A blue-bordered box contains the text: 'We just sent a 6-digit code to +65 . Enter the code below.' Below this is a red-bordered input field with the placeholder text 'Enter code'. Under the input field is a blue link that says 'Resend code'. At the bottom right of the screen are two buttons: a grey 'Back' button and a red-bordered 'Next' button. Arrows from the instructional text on the left point to the input field and the 'Next' button.
