25 March 2026

Dear Parents/Guardians,

HIGHLIGHTS FROM TERM 1

1. The Start Right Programme that took place between 2 to 6 Jan 2026 allowed our teachers to check in with Crestans on their socio-emotional well-being after a long break. It was also a time to help our Sec 1 students transition smoothly from primary school to secondary school. Through a range of activities, our Crestans bonded with their peers while learning how to support one another. Teachers also used this time to better understand the needs of our Crestans' families through home visits. With clear expectations set during the Start Right Programme, Crestans started the new year on the right foot!

2. Our Co-Curricular Activities (CCA) and sports programme provided Crestans with a chance to explore their interests and passions, as well as develop important life skills such as teamwork, problem-solving, and communication. We observed much enthusiasm as students from the Sports CCAs represented the school at the National School Games (NSG) that started in February.

3. The Class Committee Ceremony took place on 4 Feb 2026. The event formally recognised the leadership roles our Crestans take up in the classroom. It was a proud moment for them as our School Leaders presented the certificates of appointment to them.

4. During the Chinese New Year celebration, we continued our unique Crest tradition — the Crestan Lions. Innovatively designed with recycled materials by the Sec 2 students, the Crestan Lions always bring much joy and laughter to everyone, staff and students alike. This year, the students experienced a whole school Lo Hei session, the traditional tossing of vegetarian ingredients for prosperity, allowing them to immerse themselves in Singapore's rich cultural diversity.

5. The Keep Right programme in Term 1 took place from 9 to 13 Feb 2026. Our Sec 1 students participated in a 4D3N Outdoor Adventure Learning Camp (OALC), which concluded with a memorable campfire. Sec 2 students took part in the Go Overseas and Learn (GOAL) programme, gaining cultural exposure through hands-on activities in Hanoi or Sarawak. Sec 3 students engaged in a range of enrichment activities, including the Sports Education Programme (SEP), a conflict management workshop and industry visits. For Sec 4 students, the programme focused on Education and Career Guidance (ECG) activities to support their post-secondary planning, followed by a Math learning journey to the Zoo and archery as part of their SEP.

6. In summary, Term 1 was both exciting and productive, and I am pleased to share that the Crestans have been making excellent progress.
