Skills Map of Real Estate Salesperson (RES)

·	l Estate Salesperson (R	•		
Job Role	Real Estate Salespers	on (RES)		
Job Description	A real estate salesperson (RES) performs estate agency work and facilitates property transactions for clients which includes but is not limited to the marketing, negotiation and preparation of transaction documents for the purchase, sale and/or leasing for all types of properties, whether local or foreign, marketed in Singapore. The RES is therefore, amongst others conversant and compliant with CEA's regulatory framework and other relevant laws and policies relating to property transactions, and knowledgeable in the property segments he practises in. As the RES works in a fast-paced and dynamic operating environment, he needs to keep abreast of issues and trends concerning the wider real estate sector to update his knowledge for estate agency work. He is client-centric, looks after clients' best interests and provides professional advice on appropriate real estate solutions to them.			
Key Work	Key Work Functions	Key Tasks	Performance	
Functions and			Expectations	
Tasks	1. Comply with relevant laws, industry and regulatory requirements 2. Build client base	 a. Monitor and analyse the impact of market and industry developments to advise clients. b. Ensure compliance with all applicable legal and regulatory requirements in his work, including the Estate Agents Act 2010 (EAA), its subsidiary legislation, CEA's Code of Ethics and Professional Client Care (CEPCC), and Practice Guidelines, antimoney laundering checks. c.
