

Frontierers Go Beyond!

Growing through Friendship, Courage, Creativity and Discovery

Our Frontierers went beyond the familiar by exploring new places, discovering new possibilities and learning from the people around them.

From forging friendships with our buddies in Chengdu to designing wind-powered cars, creating robots and exploring the world of filmmaking, our students embraced opportunities to learn, create and challenge themselves.

They also went beyond themselves by leading younger peers, connecting with seniors and celebrating the talents and achievements of fellow Frontierers.

As we celebrated Singapore's 61st birthday, we were reminded of our shared responsibility to push boundaries, uplift one another and go beyond together.

This term, our Frontierers did just that and the journey continues!

Going beyond together, with friendship
and courage!

Back-to-Frontier II Programme

Our Back-to-Frontier II programme gave students a warm and engaging start to the new term as they returned from the June holidays. Through activities that strengthened friendships, built positive teacher-student relationships, and refreshed class and school routines, students settled back into school life with confidence and a strong sense of belonging.

One of the highlights was DANCEFRONT! Our Primary 3 students had the opportunity to experience ethnic dance, while our Primary 4 students explored the energetic world of Hip Hop. These sessions encouraged students to express themselves creatively, work together as a team, and develop a deeper appreciation of different cultures. It was wonderful to see their enthusiasm and confidence shine during the performances!

We also celebrated a special milestone this year as our Primary 5 School eLFs took on the role of facilitators for the Level Leadership Programme with our Primary 3 students. Leading with confidence and care, they demonstrated responsibility, teamwork, and initiative, serving as inspiring role models for their juniors. Together, these experiences reflect our commitment to nurturing confident, caring and connected Frontierers who are ready to learn, lead and grow.

Celebrate DANCEFRONT!

As one of the signature platforms under our school's Learning for Life Programme (LLP), "Celebrate DANCEFRONT" provides Frontierers with opportunities to develop their talents and share their passion for the performing arts with the school community. This year's celebration was especially meaningful, with three student groups stepping forward through auditions to showcase their talents. Some came together through shared interests and friendships, while others performed alongside their CCA peers, showcasing how the performing arts foster collaboration, confidence and a strong sense of community.

Through their rehearsals and performances, our Frontierers demonstrated courage, commitment and resilience while expressing themselves creatively and bringing joy to the audience. We congratulate all our performers and extend our heartfelt appreciation to our Music teachers, LLP teachers, Chinese Dance CCA teachers, instructors, student emcees and helpers for making "Celebrate DANCEFRONT" a memorable success.

A celebration of confidence, creativity and talent as our Frontierers shone on stage through music, dance and performance.

Primary 5 National Education Show

On Saturday, 11 July, our Primary 5 Frontierers had the exciting opportunity to attend the National Education Show 2026 at the National Stadium.

One of the most memorable moments was singing the National Anthem alongside thousands of students from across Singapore. As their voices filled the stadium, our Frontierers experienced a powerful sense of unity, pride and belonging.

Aligned with the NDP 2026 theme, "Majulah Singapura, Go Beyond!", the show celebrated Singapore's diversity and the inspiring stories of athletes, para-athletes, coaches, performers and volunteers. Their journeys of perseverance, courage and resilience encouraged our students to strive for excellence while uplifting those around them.

Spectacular performances, stunning stage effects, an indoor drone display and a synchronised light show made the experience unforgettable. More importantly, the show deepened our Frontierers' appreciation for Singapore and inspired them to embrace the future with confidence, resilience and hope.

Graciousness Together

Racial Harmony Day

Our Frontierers came together to celebrate Singapore's rich multicultural heritage through a series of meaningful and engaging experiences.

In the lead-up to Racial Harmony Day, they explored different cultures during Mother Tongue Language Fortnight activities. During recess, they engaged their senses by smelling fragrant Indian spices and a variety of tea leaves, and had fun creating their favourite nasi lemak combinations using paper cut-outs.

The celebration culminated in a lively concert, where three friends introduced the unique tea cultures of Singapore through Masala Tea, Teh Tarik and Chinese Tea. Their sharing reminded everyone that every culture has its own unique traditions and that our diversity is what makes Singapore stronger together.

Through these shared experiences, our Frontierers gained a deeper appreciation of the different cultures that make Singapore home. Here's to continuing to respect, appreciate and celebrate the diversity that unites us!

Learning, sharing and celebrating the rich cultures that make Singapore a vibrant and harmonious home.

National Day Celebration

On Friday, 7 August 2026, Frontier Primary School came together to celebrate Singapore's 61st birthday with pride, gratitude and hope for the future.

The morning began with an Emergency Exercise and evacuation drill, reminding our Frontierers of the importance of staying calm, being prepared and looking out for one another. This was followed by our National Day Observance Ceremony, which also commemorated the 60th anniversary of the National Pledge. Our marching contingent proudly brought in the National and School Flags as we stood united to sing the National Anthem and recite the Pledge.

A highlight was our teacher-led skit, *The Singapore Story*, which brought our nation's journey to life through four segments: Looking Back, Going Beyond; Living Together, Going Beyond; Journeying Together, Going Beyond; and Majulah Singapura, Go Beyond! Frontierers were invited to reflect on our shared values and the part each of us can play in shaping Singapore's future.

The celebrations ended on a high note with familiar National Day songs, this year's theme song *Giants*, and the spirited Dance of the Nation led by our CCA Student Leaders and Modern Dance members.

Together, we celebrated not just how far Singapore has come, but how we can continue to push boundaries, uplift one another and go beyond together.

Majulah Singapura, Go Beyond!

Frontierers in full spirit as we celebrate Singapore!

Overseas Immersion Trip to Chengdu

From 25 to 30 May 2026, 28 Primary 5 students and 6 staff, including the Principal, embarked on an overseas immersion trip to Chengdu, China. A key highlight was the three half-day immersion programme at Chengdu Haibin Primary School, where students experienced the local school environment, participated in lessons and activities, and interacted with their Chinese buddies.

During the immersion, students participated in a range of hands-on activities, including a jump-rope DIY session, classroom lessons and recess activities with their buddy classes, as well as a Traditional Chinese Medicine experience and a drone football activity. These shared experiences gave students valuable insights into school life in China while developing their confidence in communicating and building friendships with their peers.

The students also explored Chengdu's rich cultural heritage through visits to Panda Valley, the Sanxingdui Museum and the Dujiangyan Irrigation Project. They learnt about giant pandas, discovered the ancient Shu civilisation through an interactive archaeological experience, and gained an appreciation of the ingenuity behind the ancient irrigation system.

The trip provided students with meaningful learning experiences beyond the classroom, broadening their cultural perspectives and fostering a deeper appreciation of different cultures.

Mother Tongue Languages (MTL) Fortnight

Our school came alive with a vibrant celebration of language and culture during the Mother Tongue Languages Fortnight, held from Tuesday, 7 July to Friday, 17 July.

Through exciting activities, captivating cultural performances, and hands-on experiences, our Frontierers gained a deeper appreciation of their Mother Tongue Languages and rich cultural heritage.

A key highlight was the Cross-Cultural Appreciation Programme (CCAP), where our Frontierers explored the customs and traditions of different ethnic communities. Through these meaningful experiences and interactions, they developed greater cross-cultural awareness, understanding and respect, while forming new friendships along the way.

It was truly an enriching experience that brought languages and cultures to life!

Primary 4 Art Museum-Based Learning Journey

The Primary 4 Art Museum-Based Learning (MBL) Journey to the National Gallery Singapore gave our Frontierers a meaningful opportunity to experience art beyond the classroom. They explored Singapore's rich artistic heritage through selected artworks and visited the Keppel Centre for Art Education, where they participated in immersive, hands-on experiences, including 3D printing, virtual art creation, and interactive play-based installations.

Through observation, discussion and creative exploration, our Frontierers developed a deeper appreciation of visual arts while strengthening critical thinking and reflection skills. The learning journey also encouraged them to demonstrate the school's G.R.E.A.T. culture by showing graciousness, practising rigour, affirming diverse perspectives, and making meaningful connections between artworks and their own creative practices.

Primary 6 Learning Journey to the Asian Civilisations Museum

Our Primary 6 Frontierers went on an enriching learning journey to the Asian Civilisations Museum for an immersive on-site learning experience.

During the trip, our students imagined themselves being transported back in time to ancient Southeast Asia as they explored the region's rich cultural heritage. Through the museum's exhibits and artefacts, they gained a deeper understanding of the cultural and historical ties that have shaped the countries of Southeast Asia. The experience also helped our Frontierers appreciate how Singapore's cultural heritage has evolved over time, shaped by the diverse cultures and communities that have contributed to our nation's unique identity.

It was a meaningful opportunity for our students to connect what they have learnt in the classroom with real-world artefacts and stories, bringing history and heritage to life!

Class eLF Investiture and Functional Training

At Frontier Primary School, we believe that “Every Frontierer is a Leader!” This belief forms the foundation of our student leadership programme, Exemplary Leaders @ Frontier (eLF), which aims to nurture our school’s vision of developing “Passionate Leaders”.

Through our Class eLF roles, Frontierers are empowered to lead themselves and their peers, nurturing responsibility and confidence in their daily school life. During the Class eLF Investiture and Functional Training in Semester 2, our Frontierers were equipped with the knowledge and skills needed to carry out their leadership roles effectively. Guided by our dedicated teachers, they participated in hands-on training and learnt how to be proactive and responsible leaders in their classes.

We look forward to seeing our Frontierers shine as leaders in their classes and beyond!

Rigour in Learning

Primary 1, 2 and 3 Sports Education Programme

Our Primary 1, 2 and 3 Frontiers enjoyed an exciting and enriching experience during their Physical Education lessons as part of the Sports Education Programme (SEP)!

Our Primary 1 Frontiers bounced their way through mini-trampoline activities, developing their confidence, balance and coordination while learning to move safely. Our Primary 2 Frontiers skipped into action as they learnt a variety of rope-skipping skills. To encourage them to stay active beyond school, each student also brought home a skipping rope to continue practising their skills! Meanwhile, our Primary 3 Frontiers were introduced to the unique sport of Goalball. Using sound to navigate and participate in the game, they developed their communication and teamwork skills while building empathy and resilience through inclusive play. From bouncing and skipping to rolling and scoring, our Frontiers discovered that staying active can be both meaningful and fun when we learn and play together!

Maker Workshop 4: Stick'Em Robot Creation

A group of Frontierers had an exciting and hands-on learning experience during Maker Workshop 4: Stick'Em Robot Creation held on Friday, 22 May 2026! They explored creativity, problem-solving and teamwork as they designed and built their very own robots. They put their creations to the test through fun challenges, including a thrilling robot race and even a football game!

It was wonderful to see our Frontierers engaged, curious and eager to experiment throughout the session. They not only learned technical skills but also demonstrated perseverance, collaboration and inventive thinking.

Maker Workshop 5: Wind-Powered Car Engineering Challenge

Another group of Frontierers had a thrilling experience during Maker Workshop 5: Wind-Powered Car Engineering Challenge! This workshop was made possible through a collaboration with Commonwealth Secondary School, where Secondary 3 students from the Robotics Club facilitated the session.

Our Frontierers took on the challenge of designing and building a wind-powered car that could travel the furthest distance using only the force of wind. Through this hands-on engineering activity, they explored concepts such as forces, motion and friction, while applying the engineering design process to test, evaluate and refine their creations. The workshop also strengthened their E21CC in Inventive Thinking, Communication, Collaboration and Problem-solving.

A big thank you to the students and teachers from Commonwealth Secondary School for inspiring our young makers and making this workshop a memorable learning experience.

Maker Workshop 6: Fun with Filming!

Maker Workshop 6 was successfully held at Commonwealth Secondary School on Friday, 31 July 2026. Our Frontierers enthusiastically took on roles such as cameraman, director and live host, gaining valuable media production skills through hands-on experiences.

Working alongside their secondary school student support from Commonwealth Secondary School, they strengthened their communication and collaboration skills while forging meaningful friendships. Well done, Frontierers, for your enthusiasm and teamwork!

Thinking Beyond Self

Values-in-Action: Environmental Science Club

Our Environmental Science CCA members recently enjoyed a meaningful and fun-filled session with seniors from Lions Befrienders.

After getting to know one another through a short introduction, the seniors and our Frontierers teamed up to complete jigsaw puzzles together, fostering teamwork and joyful interaction. They also worked hand in hand on a paper heart origami activity, combining individual pieces to create beautiful flowers.

The session continued with a tour of Eco-Wonders, where our students introduced the seniors to the plants and sustainable features within the space, confidently sharing their learning and passion for environmental sustainability.

Through these meaningful interactions, students demonstrated key E21CC competencies such as communication, collaboration, empathy and civic literacy, while building valuable intergenerational connections. It was heartening to see friendships blossom across generations through shared learning and experiences.

When hearts connect, generations come together
