Every experience shapes confident, resilient and happy learners!

WHY CHOOSE

Experienced and caring educators who know and support every child.

Structured programmes that build academic skills and character.

Safe, secured and conducive environment.

Strong partnership with parents and holistic development.

Meaningful experiences that nurture confidence, independence and leadership.

At Edusmart, we don't just care for your child, We journey with them, inspire them and empower them to shine in their own way!

Testimonials from Our Students

Student Testimonial 2026

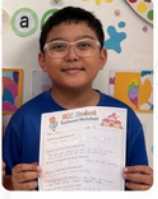

Name: Seah Si Qi
SCC Class: P3 Care

I enjoy being at SCC because my teachers and friends are always there to teach and help me learn new things every day. My favourite enrichment activities are meaningful because they help me understand kindness and our school values better. SCC has also supported my learning and homework, as the teachers are always ready to help whenever I need it. One new thing I have learned here is working on student projects. The teachers at SCC make me feel happy, safe, excited, confident, and supported. Before joining SCC, I used to feel scared of teachers, but now I am not afraid anymore. I have learned to listen to them and be kind. I would encourage others to join SCC too!

Student Testimonial 2026

Name: Nor Anaqi
SCC Class: P5 Care

I enjoy being at SCC because outdoor activities teach me more about sports and keep me active. My favourite enrichment activity is arts and crafts, as I dream of becoming an artist when I grow up, and these activities give me helpful ideas and inspiration. SCC has helped me in my learning by allowing me to study and practise for my spelling. One new thing I have learned is that I can have fun while learning at the same time. The teachers support me through meaningful enrichment activities that help me grow, and they make me feel excited. I would encourage others to join SCC because it is fun and a great place to learn new things. Before joining SCC, I did not know people from other classes, but now I am able to make new friends while continuing to learn.

Student Testimonial 2026

Name: Muhammad Furqan
SCC Class: P6 Care

I enjoy being at SCC because I get to play outdoors with my friends. My favourite enrichment activity is learning about values, as it helps me improve in school. SCC has supported my learning by helping me learn from my mistakes and grow better each day. One new thing I have learned is that I can have fun while learning at the same time. The teachers at SCC are very supportive and always help me with my homework, which makes me feel happy. I think SCC is fun even when we have homework, and it is a great place to make new friends. Before joining SCC, I would always go home feeling bored, but now I am much happier as I can make new friends and enjoy my time while learning.
