

Simulation Faculty Development Programme

Course Description:

The objective of the Simulation Faculty Training Programme is to immerse clinical faculty/educators in simulation methodology at an introductory - intermediate level; introduce terminology, concepts as well as comparisons and contrasts to traditional health care education.

Attendees will experience simulation-based learning as a participant and as a scenario designer; instructional methodologies, together with developing a basic understanding of equipment selection, operation and techniques as related to a given set of learning objectives. Didactic sessions complemented by immediate application (individual tasks) will provide a comprehensive introductory immersion into the world of simulation for health care education and assessment.

Course Content:

- Introduction to Facilitation of Simulation for Learning
- Facilitating Learning with Simulation
- Design, Tools and Equipment for scenario construction
- Curriculum Development and Simulation Integration
- Debriefing Models
- Designing and Facilitating a Clinical Scenario
- Team Based Simulation

Course Information:

Dates	18 & 19 Jun 2026 27 & 28 Oct 2026
Time	0830-1730 hr
Venue	Sengkang General Hospital 110 Sengkang East Way Singapore 544886 Exact venue will be announced in the confirmation email.
Course Fees	\$680 + GST = \$741.20
How to register?	To register, please email Ms Soo Jing Yi @ ned.staff@skh.com.sg .
