

# TRANSPORT MEDICINE COURSE

Transport Medicine Course was designed in response to the growing need for qualified specialists in the area of critical care inter-facility transport following the changes in Singapore's transport medicine legislation.

Acquire essential emergency care skills and learn to navigate critical moments during inter-facility transport with confidence! Our Transport Medicine Course will also include hands-on simulations on moving ambulance.

#### **Theory:**

History and Role of Critical Care Transport  
Principles in Critical Care Transport  
Preparation for Transport and Positioning in Transport  
Managing Lines, Drains, Airways and Special Equipment

#### **Skills:**

Advanced Airway + Mechanical Ventilation  
Tools in Transport  
4 Simulated Transport Scenarios (simulated live on moving ambulance)

**Target Audience:** Nurses, Doctors, Paramedics  
*CME Points will be awarded*

#### **Available dates:**

24 Feb 2026  
10 July 2026  
14 August 2026  
25 Nov 2026

#### **Time:**

8.00AM-5.30PM

#### **Price:**

\$700
