

Clinical Preceptorship Course

The course covers the concepts, principles, and practices of clinical preceptorship in nursing. It provides **Registered Nurses** and **Enrolled Nurses** with the essential knowledge, skills and attitude for the role of a clinical preceptor for newly recruited nurses and nursing students from pre-registration or pre-enrolment courses. This course aims to prepare and develop nurses for their role in welcoming, integrating, supervising, facilitating and assessing nursing students to the team and place of work.

Learning Outcomes

Upon completion of this course, the learner will be able to:

1. Discuss the role and responsibilities of a clinical preceptor
2. Describe the adult learning approach
3. Communicate, supportive and giving feedback
4. Act as professional role models in clinical practice
5. Reflect on the quality of all aspects of one's preceptorship role

Course Duration (hours)

Theoretical Component (Blended)

- Self-Directed Learning (SDL): 5 hours
- Hybrid (Face-to Face (F2F)/ online): 7 hours

Clinical Component: 2 hours
