

**ST. ANDREW'S
NURSING HOME**

Infection Control Committee Lead Course (Advanced)

Course Overview

The ICC Lead Course is an advanced-level training program for healthcare professionals in the ILTC sector to specialize in the field of infection prevention and control. This 64-hour certificate course offers a rigorous and comprehensive curriculum across 6 modules, each addressing critical aspects of infection control tailored to community care settings:

1. **ICC 301:** Infection Prevention and Control Precautions
2. **ICC 302:** Environment and Facilities Management
3. **ICC 303:** Care of Devices
4. **ICC 304:** Regional Infectious Diseases and Multi-Drug-Resistant Organisms
5. **ICC 305:** Surveillance and Outbreak Management
6. **ICC 306:** Governance and Management

Course Aim

To equip registered nurses to lead infection control programs by implementing advanced prevention measures, managing outbreaks, and developing proactive, comprehensive infection control plans.
