- ITE Skills Certification in
  - Community Care Support
  - Hospitality Services
  - Retail Services
  - Facility Services

## Our Success Stories

**Preslee** graduated from NLS in 2019 as the Student of the Year and recipient of Lee Hsien Loong Award for Special Achievement. This MOE award recognizes a student who demonstrate good academic and CCA achievements, makes contributions to school and community.

After graduating from ITE, he continued his studies at Republic Polytechnic. During his final year, he chose to intern at NorthLight School, inspired by the support he had received from his own teachers and motivated to give back. His experience was so rewarding that it sparked his passion for teaching. He applied to MOE and received a MOE Teaching Award. After completing his national service, he will pursue further studies at the National Institute of Education (NIE) and begin his journey as an educator.

**Mohammad Abdillah** joined NorthLight School (NLS) in 2007 having little hope of realising his dream. In NLS, his teachers saw the talent in him and inspired him to strive towards his goal. At 25, he realised his dream to be a motion graphic artist.

"I am sure Abdillah will become a successful graphic designer. Well done, Abdillah!" PM Lee at 2019 National Day Rally Speech.
