school calendar
of four terms and
school holidays

For parents requiring full-day service, we offer Kindergarten Care (KCare).

MK Curriculum

Designed by MOE curriculum specialists and educators with knowledge and experience in early childhood education and primary school curriculum

Centred on our **belief** that children are **joyful, curious, active and competent learners**

Guided by key teaching and learning principles in the **Nurturing Early Learners (NEL) Framework**

Distinctive Singapore flavour for children to learn in authentic contexts

Two flagship programmes
HI-Light & Starlight Literacy (EL & MTL)
Programme for holistic development

Strong emphasis on learning of **two languages** i.e., English (EL) and Mother Tongue Language (MTL)

MK Curriculum

The two-year MK curriculum is intentionally designed to ensure that our children are ready to move on to primary school and for life-long learning.

Focuses on **holistic development** with emphasis on **values, social and emotional competencies and learning dispositions** to ensure children are ready to move to primary schools, and lay the foundation for lifelong learning

Ensures continuity in pedagogy of preschool and primary school

e.g. Use of shared-book approach in both Starlight Literacy (EL) and STELLAR programme for P1 EL

Develops **joy and ownership of learning**, confidence and positive dispositions towards learning

Develops **responsibility, acceptable behaviour, focus and self control**

MK Curriculum

At MK, we believe in **developmentally-appropriate teaching and learning practices** while ensuring **readiness for primary school and beyond**.

Developed hand
(about age 7)

5-year-old

- For example, MK children are given ample opportunities to strengthen their finger muscles, hand-eye coordination and core body strength, as well as meaningful opportunities to practise writing and copying.
- However, hand maturation and dexterity takes time and is dependent on each child's physical development (e.g., whether hand skeletal structure is fully developed to shape letters properly).
- Hence, it is normal if not all children are able to perfect their penmanship skills by the end of K2.

When we go according to children's pace and provide them with meaningful contexts to learn and practise, they will have the joy of learning and be better able to draw connections and apply their learning appropriately.

We encourage parents to support your children's learning based on their pace of development!

HI-Light Programme

Designed to support **holistic development** of children by nurturing in them:

- Values, social and emotional skills, and positive attitudes to learning.
- Knowledge and skills across the following five learning areas through an **integrated approach**:
 1. Aesthetics and Creative Expression
 2. Discovery of the World
 3. Health, Safety and Motor Skills Development
 4. Language and Literacy
 5. Numeracy

Starlight Literacy (EL and MTL) Programme

Designed to nurture **early childhood bilingualism** in English and Mother Tongue Language (Chinese, Malay, Tamil)

- Focuses on developing children's interest in language learning, listening, speaking and early reading and writing skills.
- Uses Big Books, songs and games set in the local context to make learning fun and meaningful.
- Provides opportunities for children to communicate in EL and MTL with confidence and be aware of local tradition and customs.
- Encourages families to be involved in activities to enthuse children in language learning.

Weeks of Wonder (WoW)

Designed to promote **collaborative, self-motivated learning**

- Each MK term culminates in a WoW project.
- In a year, children complete 2 WoW projects in English and 2 in their Mother Tongue Language.
- Children will work together with their friends to investigate topics that interest them.
- Through the projects, they learn decision-making, collaborative, communication and problem-solving skills.

Parents are invited to join us during arrival to read stories, share about their occupations, or participate in engaging activities that inspire curiosity and a love for learning.
2. **Term 3 Showcase:** To provide parents with an opportunity to experience their child's learning firsthand. Through a unique role-reversal experience, children take on the role of the teacher, guiding their parents through familiar routines, activities and games while showcasing their growing confidence, independence and communication skills.
3. **Hearts of MK:** An initiative that **celebrates** the meaningful partnership between parents and our school. Throughout the year, parents are invited to lend a helping hand during school events, whether by assisting with activities or supporting behind the scenes. Each contribution is represented by a heart, symbolising the time, effort and partnership shared with our MK community.
4. **Rainy Day Explorers:** Our wet weather centre-based programme provides children with opportunities to continue developing their fine and gross motor skills while having fun through hands-on activities designed around the NEL learning area of **Health, Safety and Motor Skills Development**.

What is ECDA KiFAS?

The Kindergarten Fee Assistance Scheme (KiFAS), which is **administered by ECDA**, is a means-tested subsidy to assist families in subsidising kindergarten fees.

Eligibility Criteria*

- Child must be a Singapore Citizen **and**
- Gross monthly household income of \$12,000 and below or per capita income of \$3,000 and below for larger families (5 or more family members in the same household with at least 3 dependents)

Kindergarten Fee Assistance Scheme (KiFAS)

KiFAS Application Process

KiFAS subsidy application will be **submitted to ECDA directly**. Please refer to the detailed steps as follows:

Submission of Parent's Particulars to MK and Online KiFAS Subsidy Application to ECDA

Kindergarten Fee Assistance Scheme (KiFAS)

Minimum Attendance Requirement

- The child must **attend at least one day per month** at the kindergarten to receive subsidies, unless a valid medical certificate (MC) covers the entire month's absence (subject to ECDA's approval). **MC must state the period of absence for the entire month.**
- MCs for 1 or 2 days will not be substantial to justify a full month's absence.
- Failure to meet the attendance requirement will result in the full kindergarten fee being payable for that month.
- To qualify for December KiFAS, the child must attend MK for **at least one day in November and pay full fees** for December.

ECDA KiFAS Start-Up Grant (SUG)

What is the ECDA KiFAS Start-Up Grant (SUG)?

The Kindergarten Fee Assistance Scheme (KiFAS) Start-Up Grant (SUG) is a yearly grant provided by ECDA. The KiFAS SUG covers the cost of 3 sets of MK uniforms for eligible children. MK-Parent Partnership

Transition into MK

Preparing your child for the change is an important step before the first day of school. Here are some tips on how to help your child with the transition.

Talk to your child about going to kindergarten

- Inform your child that he/she is going to kindergarten
- Show him/her pictures/videos of the kindergarten and share that it is a fun place to learn and play
- Use stories to find out about your child's feelings about going to kindergarten and assure him/her if he/she feels scared
- Tell your child that he/she will make new friends
- Allow your child to ask any questions about the kindergarten

Develop consistent routines

- Develop a daily activity schedule including a consistent morning and bedtime routine. This ensures that your child develops a regular sleep pattern and has sufficient rest.

Transition into MK

Punctuality

- Ensure that your child is punctual and regular in attending kindergarten

Preparing your child for school

- Spend some time with your child in the morning to help him/her feel settled for the day
- Pack his/her school bag together

Working with your child's teacher/Centre Head

- Share with the teacher or Centre Head your child's habits (eating, playing, toileting)
- Discuss any concerns/suggestions related to your child or the kindergarten with the teacher or Centre Head
- Do not use the kindergarten or teachers as a threat or means to change your child's behaviour

Bidding your child goodbye

- Bid your child goodbye when you leave the kindergarten and say when you will be back to pick him/her.

During this period of adjustment, it is natural for your child to display signs of anxiety or physical discomfort. Should you observe such signs, you can work with your child's teacher to help support your child. Parents can help to display a positive attitude as **your child also picks up on your anxieties and emotions.**

MK-Parent Partnership

- **Partner us** to support the transition of your child.
- Prepare your child for lifelong learning by helping them develop positive attitudes towards attendance and learning. *(e.g. by regularly attending kindergarten, by encouraging their natural sense of curiosity to learn)*
- Support them in understanding their feelings and create experiences to build their confidence, and develop social and emotional skills over time.
- Every child has a different pace of learning. Support your child in his/her learning when he/she is ready. *(e.g., riding a bicycle, reading and writing)*

Communication

We encourage frequent communication between the kindergarten and parents.
