EXPERIENCING WGPS

OUR WOODGROVIAN EXPERIENCE

During Camp A.C.E. (Aspire, Contribute, Enriching Lives of Others), our Primary 5 Woodgrovians engaged in meaningful self-management sessions, reflecting thoughtfully on their personal growth. Each student received a special Growth Mindset Card, encouraging them to embrace challenges with confidence and perseverance. The excitement continued as Woodgrovians explored interactive Augmented Reality activities, bringing Science and Mathematics concepts vividly to life, making their learning journey immersive and enjoyable. The camp culminated in an energetic inter-class physical education challenge, strengthening teamwork, resilience, and class spirit. These memorable experiences truly enriched their learning adventure at Woodgrove Primary!
