

Experiencing WGPPS

Orientation Programme and Lunar New Year Celebration

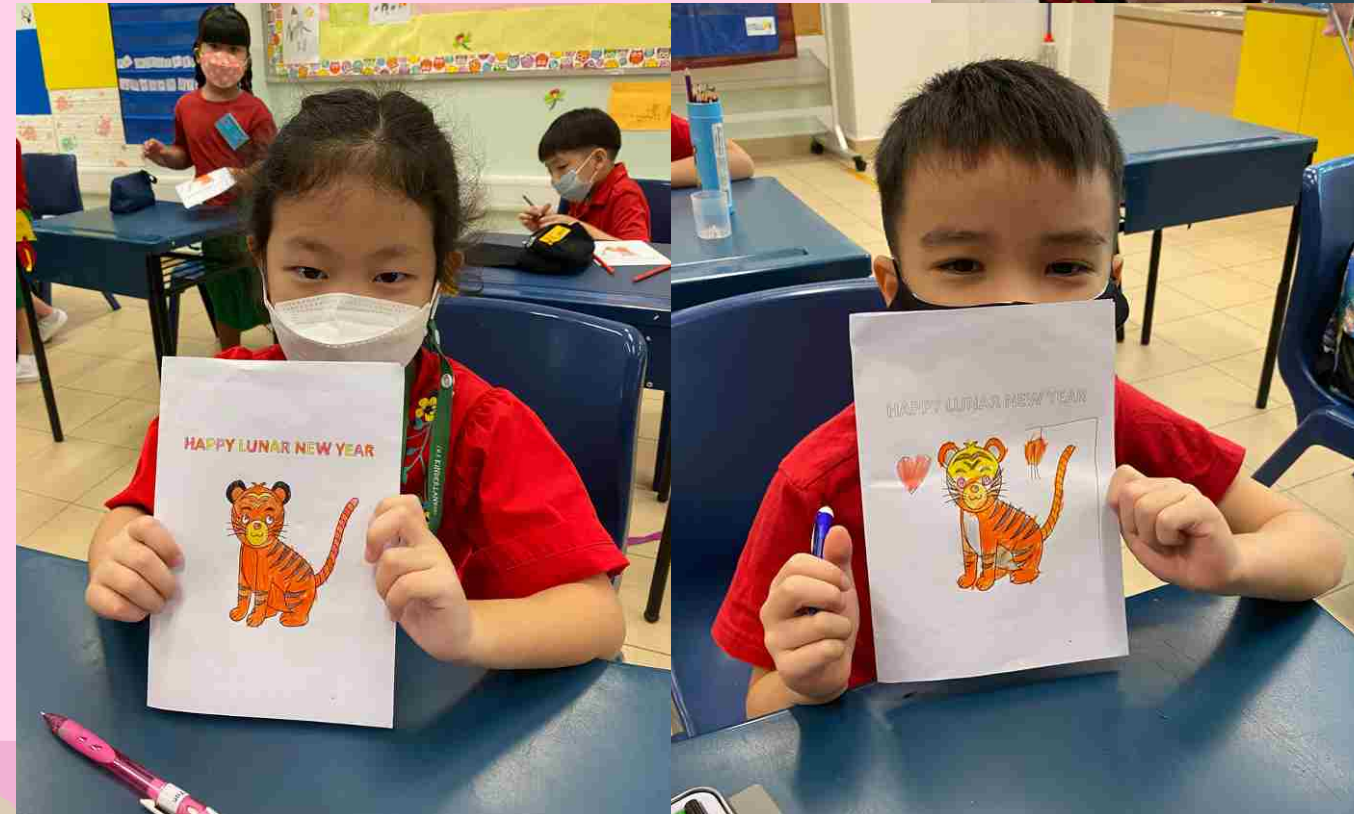

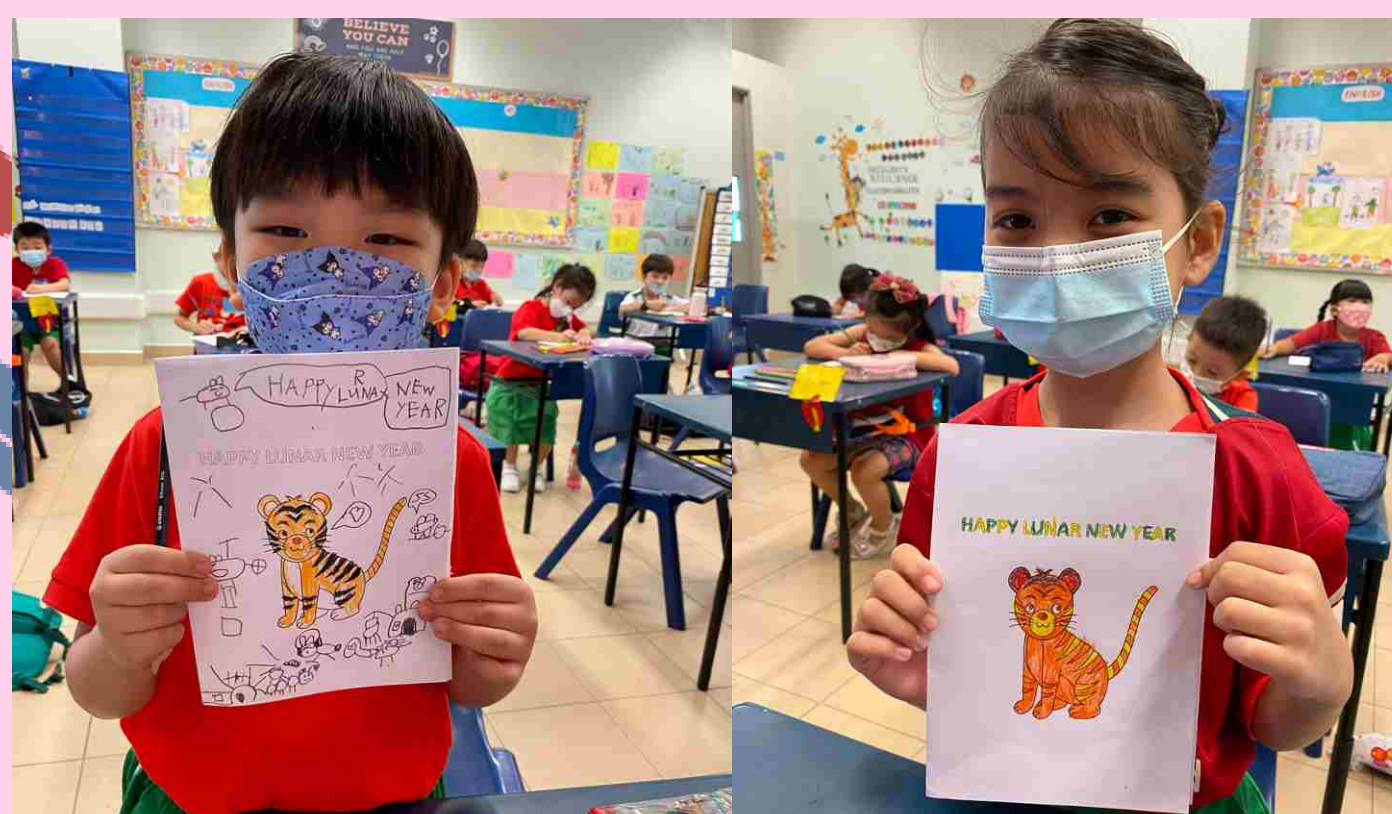

Our Primary 1 Woodgrovians had an enjoyable time getting to know their new classmates during the Orientation and putting together their Lego Woodgrovians, which are symbolic in helping them identify themselves as part of the Woodgrove family. During the Lunar New Year Celebration, they also had a fun time learning about the Chinese culture, writing LNY greetings for their friends, playing charades and taking part in the LNY Mass Dance. This helped the students to know about themselves and their friends, building their empathy and relationship with each other.
