

Experiencing WGP8

LEARNING FESTIVAL

Our Primary 2 Woodgrovians had an exciting start to Term 3 with a range of engaging activities organised as part of the Learning Festival. They folded paper aeroplanes and decorated them with inspiring Growth Mindset quotes. They also learned inline skating through the Primary 2 Sports Education Programme (SEP). The students also showcased their creativity by making ice-cream catapults during the Makerspace Activity and deepened their understanding of Biodiversity. As part of their Social Studies and Programme for Active Learning (PAL) curriculum, the students also embarked on an adventurous learning journey at Admiralty Park, where they discovered the rich diversity of flora and fauna along the nature trail. These engaging experiences have made learning both enjoyable and meaningful!
