

Experiencing WGPS

Term 2 Woodgroviaan Experiences (P6)

To enhance our P6 Woodgroviaans' confidence, they were taught time management and goal-setting skills during Camp H.O.P.E. (Harvesting Our Positive Experiences) Part 2. Class bonding took place during the P.E. Challenge segment in a form of an enjoyable interclass competition. They were also able to build camaraderie with their classmates while enjoying snacks as a class. Motivating our P6 Woodgroviaans as they prepare for the upcoming PSLE, self-care skills were taught to them and they were given an encouragement cards written by either their parent or teacher.
