EXPERIENCING WGPS

Celebrating the Woodgroviaan Experience

This term, our Primary 2 Woodgroviaans had a fantastic experience exploring the items in the tote bags provided by the Health Promotion Board after their Annual Health Screening exercise. The tote bags included an inflatable ball, a skipping rope, and a kite, all aimed at encouraging students to adopt healthier habits both in school and at home.

In addition, the students had a blast during the CCA Open House. Many were eager to participate in the dance choreography taught by the instructors and senior students, practise campcraft skills shared by the Scouts, and enjoy short sessions of badminton and soccer. Our Woodgroviaans are definitely looking forward to their CCA sessions next year!
