Term 2 Woodgrovian Experience

In Term 2, P3 Woodgrovian experience for our Primary 3 students was filled with joyful connections and creativity. To continue to pique their interest in reading, students showcased their artistic side by designing custom bookmarks during Library Week. They also commemorated International Friendship Day by making colorful friendship bands to be gifted to the Singapore Children's Society, showing care and compassion for the wider community. A² Star Day provided a wonderful opportunity for them to practice gratitude to the school community by crafting beautiful card bouquets. The term wrapped up on a heartwarming note with the P3 Parent-Child Woodgrovian Experience, creating precious bonding moments between students and their families, and ending the term with smiles and lasting memories!
