EXPERIENCING WGPS

OUR WOODGROVIAN EXPERIENCE

At the start of Term 1, our Primary 6 Woodgrovians embarked on an enriching learning journey to the Asian Civilisations Museum, where they explored a remarkable collection of artefacts and artworks that tell the story of Singapore's evolution as a global trading hub. To round off the term, they participated in Camp H.O.P.E. (Harnessing Our Positive Experiences) Part 1. During the camp, students discovered effective motivational and study techniques, immersed themselves in an engaging Augmented Reality activity focused on Science and Mathematics, and competed in an exciting inter-class PE challenge that strengthened camaraderie and team spirit.
