

Experiencing WGP

Our Woodgrovian Experience

Our Primary 6 Woodgrovians experienced Term 1 filled with joyful celebrations, enriching learning opportunities, and memorable moments. Orientation programmes, carefully planned with our iGROW curriculum, welcomed classmates, helping them to deepen friendships and embrace the Woodgrovian spirit. The Chinese New Year celebrations brought energy and excitement, featuring colourful performances and traditional activities that strengthened cultural understanding. Learning remained central, as students explored school values during engaging iGROW lessons. These experiences laid a strong foundation for every Woodgrovian to continue learning, growing, and shining throughout the year, while also understanding the importance of a growth mindset during Term 1 level meeting.
