

EXPERIENCING WGP

OUR WOODGROVIAN EXPERIENCE

Term 1 was an enriching and dynamic start for our Primary 3 Woodgrovians at Woodgrove Primary School. Through the iGROW curriculum, they transitioned smoothly into their new learning environment, building confidence and friendships. The Chinese New Year celebrations added to the excitement, with lively performances and traditional activities fostering cultural appreciation. In the classroom, learning was made more engaging as students used Talk Moves to express their ideas, listen actively, and build on one another's thoughts. With these meaningful experiences, our Primary 3 students are well on their way to becoming confident and thoughtful learners in the Woodgrovian experience.
