LEARNING FESTIVAL

The Primary 6 Woodgrovians returned to school in Term 3, kicking off three days of engaging and exciting activities as part of the Learning Festival. They had the opportunity to build a solar-powered light and write letters to children living in areas affected by extreme energy poverty, deepening their global & social awareness. The festival also included goal-setting activities, where students wrote their personal goals on their level paper aeroplanes, and participated in golf lessons through the Sports Enrichment Programme. Additionally, the P6 Woodgrovians embarked on a discovery trail at Gardens by the Bay, enriching their understanding of the Social Studies curriculum, which covers 'Appreciating Singapore, the Region, and the World We Live In,' as well as the Science concept of 'Diversity.'
