

Experiencing WGP

Our Woodgroviaan Experience

Our Primary 5 Woodgroviaans experienced Term 1 filled with joyful celebrations, enriching learning opportunities, and memorable moments. The Chinese New Year celebrations brought energy and excitement, featuring colourful performances and traditional activities that strengthened cultural understanding. Orientation programmes, thoughtfully planned with our iGROW curriculum, brought classmates together, helping them build friendships and embrace the Woodgroviaan spirit. Learning remained central, as students explored school values through engaging iGROW lessons. During the Term 1 level meeting, students also deepened their understanding of growth mindset. These experiences laid a strong foundation for every Woodgroviaan to continue learning, growing, and shining throughout the year.
