

What is Positive Peer Influence?

Positive peer influence is a key principle in MOE's Cyber Wellness Framework which encourages our students to:

- ✓ Be a positive role model online (e.g. share healthy and positive content, harness technology to do good); and
- ✓ Advocate positive online behaviours (e.g. stand up for their peers online, report cases of cyber bullying to a trusted adult/authority, post encouraging remarks on social media).

Why is Being a Positive Peer Influence Online Important?

Being a positive peer influence online will help your child to:

- ✓ Exercise empathy and kindness online
- ✓ Develop resilience and moral courage to stand up to negative peer pressure and unhealthy online influences
- ✓ Learn responsibility for words and actions
- ✓ Leave positive digital footprints and establish a good online reputation

How can Parents Help?

Encourage your child to:

- ✓ Be **S.U.R.E.** before sharing. Check the **S**ource, **U**nderstand the facts, **R**esearch and **E**valuate
- ✓ **T.H.I.N.K.** before posting. Ask: "Is it **T**ru? **H**elpful? **I**nspiring? **N**ecessary? **K**ind?"
- ✓ Be an upstander for friends who are cyber bullied
- ✓ Use technology for good

Key Messages

Model positive
online habits

Value the importance
of being a positive
peer influence online

Guide your child to
use technology
for good

Encourage your
child to be a
positive peer
influence online
