Important Note:

1. Students absent for a weighted assessment must produce a Medical Certificate (MC) for that day. Marks will be pro-rated accordingly. Only MCs from registered medical practitioners under the Medical Registration Act are recognized.
2. Students representing the school in competitions, such as the National School Games (NSG), during a weighted assessment will have their marks pro-rated.
3. There is no make-up for Listening Comprehension and main written papers during the End-of-Year Examination.
4. Students absent for main written papers will not qualify for academic awards.
5. Weighted assessments will be conducted during respective subject periods on the scheduled day. For Science, if there is no Science period that day, the assessment will take place during another lesson.
6. Marks to be confirmed within 3 days upon return of papers.

Types of Marks and Award Criteria

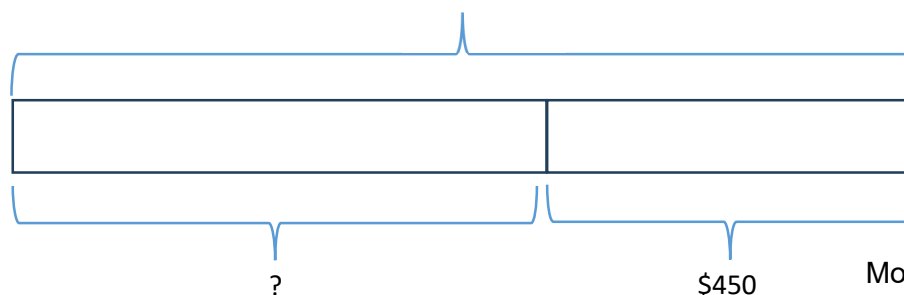

Mark types	How they are awarded
Method Mark (M Mark)	- Awarded for applying the correct mathematical approach or strategy. - Awarded for alternative methods that are mathematically correct. - Not awarded if the method is mathematically incorrect, even if it produces the correct answer.
Answer Mark (A Mark)	- Awarded for a numerically correct answer. - Not awarded for 'correct' answers obtained from incorrect methods or when no working/methods are shown.

Presentation of Work

Students **must** present their mathematical work clearly and systematically. Please refer to the examples below for guidance on proper work presentation.

Example

Siti had \$1200. She bought a laptop and had \$450 left. How much did the laptop cost?

Left $\rightarrow \$1200 - \$450 = \$750$

Writing equation(s)

She had \$750 left.

Write the final answer. Students are also encouraged to write a final statement. Marks will be awarded based on whichever is more accurate (the final answer or the final statement).

Ans: \$750

Models to help with understanding. No marks are awarded for model drawing.

Science

Weighted Bite-sized Assessment

Bite-sized Assessment	Item Type	No. of questions	Marks per question	Total Marks	Duration
Bite-sized Assessment 1	Structured Questions	4 to 8	1 to 4	15	35 min
Bite-sized Assessment 2* and 3	Structured Questions	7 to 12	1 to 4	25	45 min

* Bite-Sized 2 consists of a hands-on performance task (1–2 questions). Students are required to carry out an investigation and record their results in their answers.

Summative Assessment

Booklet	Item Type	No. of questions	Marks per question	Total Marks	Duration
A	MCQ	24	2	48	
B	Structured Questions	10	2 to 4	32	
Total				80	1 h 30 min

Marking Guideline for Science

Students are required to provide all components of an answer, which may include key scientific concepts, reasons, evidence, and explanations, in order to be awarded full marks.

Partial marks are not typically awarded. Exceptions are limited and apply only to questions that assess multi-step reasoning or scientific processes. In such cases, partial marks may be given in accordance with the standardised marking scheme appropriate to the level.

Social Studies

	Item Type	Weightage
Activity Book components (ongoing)	Short Answers, fill-in-the-blanks and Open-ended Questions	30%
Group Tasks	Students will work in groups to share their findings and solutions about a given topic.	70%

A letter grade (A, B or C) will be awarded at the end of Semester 2.

Physical Education

Learning Area	Learning Outcome	Formative Assessment Feedback
Dance	Perform a pre-designed movement experience “In Appreciation” and repeat with modifications to group formation.	Rubrics with band descriptors
Games & Sports	Recognise the key elements of rolling and throwing for distance. Demonstrate an understanding on how to reduce the impact force while catching and receiving objects.	
Gymnastics	Demonstrate an understanding of moving with fluidity from one movement to the next for smooth transition in sequence work. Recognise the key element of a round-tuck roll in the forward and backward direction and explain the similarities and differences in these movements.	
Outdoor Education	Explore the school compound safely and discover the social and ecological aspects of different places. Demonstrate and an understanding on how to pack a backpack for an outdoor activity while adopting environmentally sustainable practices.	
Physical Health & Safety	Acquire a range of personal safety practices while engaging in sports and physical activities. Demonstrate good health practices (oral care and substances harmful to health) and habits in personal care (good sleep habits and regular physical activity).	
Swimming	Demonstrate confidence and independence in the water and learn general and deep-end water safety (e.g., forward and backward movement, safe entry and exit and personal water safety).	

An HDP report for selected learning areas will be provided at the end of the year. There is no specific test date for Physical Education, as assessment will be based on ongoing observations of students’ abilities during their respective lessons.
