A Journey of Joy & Growth

VICE -PRINCIPAL'S FOREWORD

As we look back on another vibrant school semester, we are reminded of the many moments that have shaped us — moments of growth, stories of joy, and hearts in action. Each story in this issue captures the spirit of our students and teachers who continue to grow, care, and give with purpose.

From classrooms to communities, we see how one act of kindness, one spark of curiosity, or one shared celebration can make a lasting difference. Whether it is through acts of service and giving, school celebrations that unite us in joy and spirit, or learning journeys that expand our horizons, these experiences remind us that education is as much about nurturing the heart as it is about developing the mind.

May these stories inspire us to keep learning, serving, and growing together — making a difference, one act at a time.

Enjoy the read!

Miss Jasmine Ng Hui Eng

Moments of Growth, Stories of Joy

A GLIMPSE OF SEMESTER TWO THROUGH THESE 5 THEMES...

Hearts in Action

Making a Difference, One Act at a Time

United in Joy and Spirit

Expanding Horizons

HEARTS IN ACTION

Clean Plate Campaign

LEARNING TO CARE AND GIVE

At our school, kindness begins with action. From learning to care for the environment to celebrating language and talent, our students are discovering that every small effort can make a big difference.

Through these experiences, they learn that caring for others and appreciating diversity are at the heart of a thriving community.

Mental Health Awareness Week

Let's pause, reflect, and remember – it's okay to ask for help and take care of ourselves!

P1 CELEBRATING TALENTS

Our Primary 1 students lit up the stage during their 'Celebrating Talents' showcase! With performances that amazed the audience, their energy and confidence brought big smiles all around!

NOW SHOWING

P1

MAKING A DIFFERENCE, ONE ACT AT A TIME

Our students continue to grow as compassionate and responsible individuals, showing that even the smallest acts of service can create ripples of change. Whether it is brightening a teacher's day, keeping our school clean, or building resilience through camp adventures, each experience helps them learn the true joy of giving, serving, and leading with heart.

P2 Project SPARKLE

E'Lights brightened our school staff's day with their lovely handmade cards! Each word was thoughtfully written and each drawing was personalised for the receiver, making every card a heartfelt expression of our students' appreciation and gratitude.

P3 School Clean-Up

Our students rolled up their sleeves and took part in a school clean-up to keep our environment clean and green! Armed with gloves and trash bags, they worked together to pick up litter and tidy shared spaces. Through this activity, students learned the importance of teamwork, responsibility, and caring for their surroundings.

P4 and P5 Level Camps

Our P4 and P5 students had an exciting time at their camps! The camps were not only about adventure but also about learning to step out of their comfort zones and discovering the value of teamwork and perseverance.

Our P4 E'Lights had an unforgettable adventure at the P4 Explorer Camp, a 2-day, 1-night residential camp that was part of our Outdoor Education programme!

Through hands-on experiences, they learned basic outdoor skills and built teamwork and leadership. They also developed resilience while exploring nature and staying active. From pitching tents to trail exploration and team-building challenges, our young explorers had a blast while growing in confidence and appreciation for the great outdoors. What a fantastic experience for our budding adventurers!

P4 and P5 Level Camps

P5 ADVENTURER CAMP

The P5 Adventurer Camp was an unforgettable experience for our Primary 5 E'Lights! Over three action-packed days, our students pushed their limits, discovered new strengths, and forged lasting bonds with their peers.

They tackled challenges on the Confidence Rope course, explored exciting trails, and participated in team-building activities that fostered resilience, communication, and camaraderie.

With a focus on safety and meaningful engagement, our students experienced a range of Outdoor Adventure Learning activities that ignited their passions and inspired growth. We are proud of our young adventurers for embracing this adventure and developing essential life skills that will stay with them forever!

UNITED IN JOY & SPIRIT

East Spring Primary School came together in celebration and pride through meaningful events that highlighted our shared values and national identity. From honouring our diversity on Racial Harmony Day to cheering proudly during National Day and celebrating with our staff and students, each moment was filled with joy, gratitude, and togetherness – the spirit that makes our school family shine.

NATIONAL DAY CELEBRATIONS

Decked in red and white, E'Lights sang, cheered, and celebrated National Day with hearts full of pride and love for Singapore!

Drum Performance by ISPR students

KAHOOT TIME!

Sing-along!

9 Aug

Racial Harmony Day

This year, Racial Harmony Day was commemorated on 21 July. During the assembly talk, students learnt about the different races and were encouraged to build friendships among communities in order to emerge stronger as a more caring, cohesive and resilient nation.

During recess, students tried different traditional games like capteh, five stones and kuti kuti! Through these games, they learnt to play harmoniously and were exposed to the different cultural practices of communities other than their own.

Staff Appreciation Day

Capes on and smiles wide! With a superhero-themed Staff Appreciation Day, we celebrated the real-life heroes who make our school shine every day! During the concert, we watched amazing performances by our students and Parents Support Group! Some teachers even participated in fun games on stage!

Children's Day

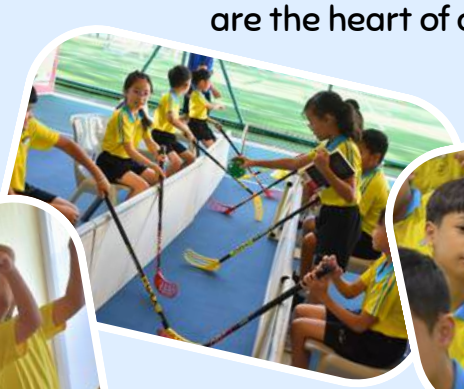

It was a day brimming with fun and excitement as the children played games, received gifts, and enjoyed lively performances! Laughter filled the hall as we celebrated Children's Day – a joyful reminder that our students truly are the heart of our school!

Deepavali

Our school sparkled with joy during Deepavali, as students shared the light of friendship, unity, and festive cheer with one another!

EXPANDING HORIZONS

Learning goes beyond the classroom as our students explore the world around them with curiosity and enthusiasm. Through local learning journeys and overseas experiences, they discover new perspectives, cultures, and histories. Each adventure inspires them to see the world with open minds and caring hearts, nurturing global citizens ready to make a difference.

Our Primary 1 students had an exciting trip to Tampines Mart, where learning came alive beyond the classroom! They explored different sections, identified food items and learning more about the neighbourhood. It was fun hands-on learning experience beyond the classroom.

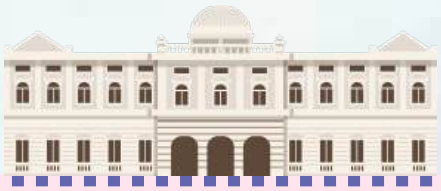

From farm to fun –
Our P2 students dug into a day of learning at Bollywood Veggies, discovering how plants grow and food comes alive!

Our P4 students stepped into a world of colour and stories at the National Gallery Singapore, where art and history came to life!

Some of our P5 students took learning beyond the classroom to Chiangmai, discovering new cultures, friendships, and unforgettable adventures!

P5 NE SHOW

Filled with excitement and pride, our P5 students gathered in school on 12 July to attend the National Education Show at The Padang. As they waved their flags high, they celebrated Singapore's spirit and unity while enjoying thrilling displays by the Singapore Armed Forces and Home Team, aerobatic stunts by F-16 fighter jets, and the Red Lions' daring freefall jumps. Singing along to familiar NDP songs and watching the spectacular fireworks, the students also penned heartfelt wishes for the nation's future – a truly memorable experience that deepened their sense of belonging and pride.

PLAYING HOST TO OUR SUZHOU FRIENDS

Friendships crossed borders as students from Experimental Primary School of Suzhou Science and Technology Town joined us for a day of shared learning and fun during their cultural exchange!

Our Primary 6 students paddled together in rhythm during their Dragon Boating activity, learning the importance of teamwork, resilience, and trust. The thrilling experience strengthened their bonds and reminded them that great things happen when everyone rows in the same direction!

Changi Neighbourhood Police Centre

Our Primary 6 students took part in an enriching Education and Career Guidance Learning Journey, exploring different industries and discovering how their strengths connect to future careers. Through hands-on activities and inspiring talks, they gained valuable insights to guide their next steps – learning to dream big and stay curious about the world ahead.

ALUMNI SPOTLIGHT

Peh Yu Feng

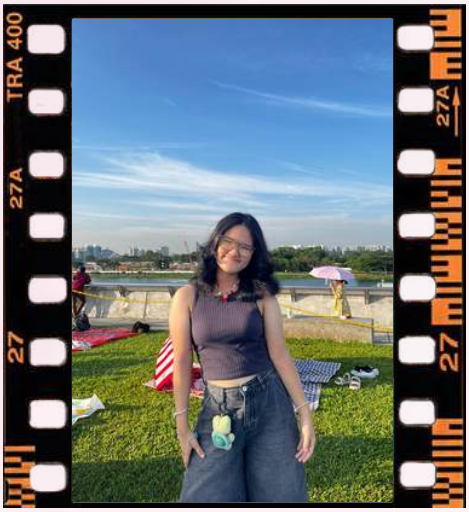

Hi! I'm Yu Feng. I'm currently an undergraduate student at Singapore Management University majoring in Politics, Law and Economics. I graduated from East Spring Primary School in 2018.

After graduating from ESPS, I continued my education at Dunman High School. Along the way, I discovered my passion for understanding the dynamic world we live in, especially the systems that perpetuate inequalities and injustices. This led me to pursue my current major, and looking ahead, I hope to be able to give back and create meaningful impact for my community and the people around me.

My time at ESPS instilled values in me that I still remember till this day – Self-control, Perseverance, Responsibility, Integrity, National Pride, and Gratefulness. It shaped my formative years and laid the foundation for my personal growth; I will always remember the teachers at ESPS who were ever so supportive, caring and encouraging every step of the way, genuinely nurturing the success of every student; and the friends that I made, some of whom I still keep in touch with till today, who showed me the importance of human connection and how precious friendships can be.

I still visit my CCA, Guzheng, back at ESPS every now and then. To all current students: make the most of out of your experience in school, cherish the memories, and have fun learning and making friends. :)

Goodbye 2025, HELLO 2026!

As we bid farewell to 2025, let's take a moment to reflect on the special memories and meaningful moments that shaped our year. What are some lessons you have learnt in 2025? What are you hopeful about in the upcoming year?

Let's check out what our teachers have to say!

My favourite memory of 2025 would be going for the P5 Camp with my class! I enjoyed watching them scale greater heights (literally and figuratively), work together in a team and overcome challenges. We made many precious memories during the 3 days spent together. In the coming year, I hope that we will continue to grow as a class, support one another, and take on new challenges with the same enthusiasm and teamwork we showed at camp.

Ms Chew Chi Yin

My favourite memory of 2025 is watching my P2 students being independent, happy and growing in confidence in the classroom. Seeing their immense joy has always been the highlight of my teaching day! In the upcoming year, I hope to see all of them well-adjusted and thriving in P3.

Mdm Sonika

My favourite memory of 2025 was going dragon boating with 6G4! The laughter, splashes, and cheers as we paddled together perfectly captured the class's joyful spirit. Everyone gave their best, showing teamwork, determination, and plenty of smiles along the way. It was wonderful to see how far they've come – growing not just in skill but in confidence and friendship. I will always remember their energy and positivity on and off the water. As they move on to secondary school, I wish them happiness, courage, and success in all they do!

Miss Ng Hui Peng

Goodbye 2025, HELLO 2026!

One of my favourite moments this year is the learning journey to Geylang Serai Heritage Gallery with 3R5. It was an enriching experience for the students (and even myself!) to learn more about the Malay culture and traditions. I was heartened to see my students enjoying themselves as they discover more about the unique delicacies and vibrant garments worn by the Malays. Aside from that, it was also a great opportunity for us to bond together as a class. Hoping for more of such experiences in future!

Mr Alif

A memorable period in 2025 was seeing our Primary 6 students engage in post-PSLE learning with fresh curiosity and enthusiasm. From exploring the world of AI through coding to strengthening friendships through play and interaction, the students truly embraced learning beyond the classroom. A highlight was 6G1's ECG learning journey to Altimate Nutrition (as seen in the photo), where they discovered sustainable food sources – and even tasted edible insects! It was wonderful to see them approach new ideas with open minds and adventurous spirits.

As they prepare to embark on the next phase of their education in 2026, I hope they will continue to be curious, courageous, and committed to lifelong learning – always ready to explore, question, and grow.

Mrs Amy Tan

One of my favourite memories of 2025 was bringing my Primary 3 class to the Zoo for their Learning Journey! The weather was great, the activities and shows we watched were entertaining and interesting too! Getting to step out of the classroom to experience authentic learning is truly memorable in creating memories and learning through fun!
