

JIEMINITE LINK

CONTACT-CONNECT-CELEBRATE TERM 3 2025 ISSUE

Dear Parents and Jieminites,

Welcome to Term 3!

We hope all our students and parents had a restful and meaningful June break filled with enriching activities. A heartfelt thank you to everyone for your incredible support during our school's 40th Anniversary Celebration Concert — your enthusiasm and partnership made the event truly memorable.

As we step into Term 3, we renew our commitment to working together in close partnership to create an inspiring and supportive learning environment for all.

Our P6 Jieminites will be working hard this term to consolidate their learning and prepare diligently for the PSLE. As a community, we stand together to support them at this important juncture of their Primary 6 journey. We also hope that their dedication and perseverance will inspire our younger Jieminites to put in their best efforts academically, while continuing to pursue their passions in sports, arts, and music.

In this edition of the Jieminite Link, we are excited to feature segments highlighting our accomplished alumni. We thank them for sharing their wonderful memories of the school and we hope it will inspire our current Jieminites to explore their passion and develop their own ambition. We would also like to share useful study tips and advice on guiding our Jieminites to maintain their well-being.

Wishing everyone the very best for an exciting Term 3 in Jiemin Primary School!

Warmest regards!

Andy Mickey Choong
Principal

ACHIEVING YOUR BEST

2 USE ACTIVE LEARNING TECHNIQUES

Engage actively with the material through methods like summarizing information and using flashcards and mindmaps.

3 TAKE SMALL STEPS

Break down tasks into manageable and achievable parts to improve focus.

1 PLAN EFFECTIVELY

Create a timetable to organise your revision tasks into manageable sessions, ensuring a balance among all the subjects.

4 CREATE A CONDUCIVE ENVIRONMENT

Choose a comfortable and well-lit study environment, minimizing distractions to enhance focus and concentration.

5 TAKE REGULAR BREAKS

Take short breaks during revision sessions to prevent mental fatigue and maintain overall productivity.

6 CARRY OUT SELF-ASSESSMENT

Regularly evaluate your understanding of the material through self-assessment tools, quizzes, or practice questions to identify areas that need further revision.

TIPS

FOR BETTER MENTAL WELL-BEING

TAKING care of our mental well-being helps us feel happy, calm, and ready to learn. It also helps us handle problems better and makes it easier to reach our goals.

1 BE ACTIVE

Running, dancing, or playing outside can make you feel better.

2 GET ENOUGH SLEEP

Sleep helps your brain rest and makes you feel fresh the next day.

4 TALK ABOUT YOUR FEELINGS

If something is bothering you, tell a trusted adult or friend.

6 BE KIND TO YOURSELF

Speak to yourself nicely, just like how you would talk to a good friend.

3 EAT HEALTHY FOOD

Good food gives your brain and body energy.

5 TAKE SHORT BREAKS

It's okay to pause and rest when you feel tired.

7 DO THINGS YOU ENJOY

Play, draw, read, or do anything that makes you smile.

Former Jieminites' Stories

THROUGH 40 YEARS

MDM TAY CHAI HONG

Vice Principal, Punggol Green Primary School

I transferred to Jiemin Primary School in 1985 and graduated in 1986 as part of its pioneer batch, where I had many enriching learning experiences. One of my most memorable moments was winning my first 400m race, which sparked my passion for long distance running. This passion continued through secondary school and junior college, where I represented my schools in cross-country competitions. My involvement in gymnastics and basketball in Jiemin further deepened my love for sports. These early experiences inspired me to become a PE teacher, a dream I fulfilled after graduating from university.

MR BENJAMIN CHEAH

Assistant Superintendent of Police, Singapore Police Force

As an ex-student of the school, some of my fondest memories at Jiemin were of time spent during recess, especially enjoying soya sauce chicken and collecting country-flag erasers. Pokemon was a big part of our childhood, and comparing cards with friends was a favourite pastime. I was taught by Mrs. Yee in Primary 5 and Mr. Ong Chun Kay in Primary 6, who both played significant roles in my learning journey. The friendships and memories I made at Jiemin have remained meaningful to me to this day. As the school marks its 40th Anniversary, I encourage current Jieminites to treasure their time in Jiemin – the beginning of becoming the best version of themselves.

MR JAWAHIR

Senior Lieutenant Colonel, Ministry of Defence

I have many fond memories, from playing 'one-leg' catching with friends to representing the school in soccer and Track and Field, and taking on leadership roles in Scouts. I was taught by dedicated teachers like Ms. Rita Loh, Ms. Ng Sai Gek, and several passionate Malay teachers who guided me along the way. My time in Jiemin sparked my interest in sports and leadership, which continued to shape my journey through secondary school and junior college. I learned that hard work and determination, supported by great teachers, can lead to personal success – even for an average student like I was. As Jiemin celebrates its 40th Anniversary, I wish all current Jieminites happiness and success in all that they do.

Former Jieminites' Stories

THROUGH 40 YEARS

MDM CHERYL LIM

Chinese Language Teacher, Jiemin Primary School

As a former Jiemin student, I cherish the lasting friendships I had built. I was guided by inspiring teachers like Ms. Tan Moh who shaped my growth. Being part of the Chinese Drama Club and Gymnastics then enriched my school experience. As Jiemin turns 40, I encourage students to enjoy the journey and not rush through it. Every moment and connection you make becomes a memory that shapes your life story.

MDM NORHAYATI BTE MOHD ANSARI

Assistant Year Head, Jiemin Primary School

One thing I truly cherished at Jiemin was the time spent with friends during learning journeys and celebrations – many of us still keep in touch today. Teachers like Mr A Sivam Reddy inspired me to become a teacher, and Mdm Catherine Lim, my firm yet nurturing P6 Form Teacher, is now my colleague. I also enjoyed being part of multiple CCAs, which allowed me to explore different interests and connect with peers. These experiences shaped who I am today. As Jiemin marks its 40th anniversary, may it continue to soar – shaping minds, nurturing character, and inspiring futures.
