

During the P5 Camp, how did you become a leader by serving others?

SPOT LIGHT ON OUR BEST CAMPERS

On the second day of camp, during the high elements and the rock climbing, I was not able to overcome the challenges at first. With Mdm Fadhilah's encouragement, I was able to overcome those challenges. During rock climbing, I could not do it on the first try but on my second try, I managed to reach the top. I am happy that I am the Best Camper.

During the P5 Camp, when my group was doing the low elements, I could do the activities but some of my friends could not. I decided to help them by teaching them how to hold on to the swinging rope. I also volunteered to be a spotter in case my friend fell.

During the P5 Camp, I became a leader. I was doing paragliding. When I was done and was waiting, I saw a friend crying after he had completed a different high element. He was crying as he was afraid of heights. I comforted him by patting him on his shoulder and gently told him everything was now okay as he is done with the high elements course.

During the the hike in the P5 Camp, I was carrying a heavy bag and my friends insisted on helping me carry my heavy bag. However, I said 'no' as their shoulders could be painful. When my shoulders were in pain, my friends still asked to help but I insisted that I will continue to carry the bag. I even offered to carry other people's bags even with the burden of my own bag.
