

HMDP Visiting Experts FY23

OFFICIAL PROGRAMMENote:

The programme is accurate at the time of publication, and is subject to change at any time without prior notice.

EXPERT NAME

Dr Ian Eardley

START DATE

11 Aug 2023

END DATE

20 Aug 2023

SPECIALTY/TITLE OF PROGRAMME

Surgical Education Systems Redesign, and Implementing Interprofessional Collaborative care in Uro-oncology and Reconstructive Urology

HOSTING INSTITUTION

Khoo Teck Puat Hospital

DATE AND DAY	TIME	ACTIVITIES	Training Objectives	NTP* (YES/NO)	VENUE AND CAPACITY	NAME AND EMAIL OF COORDINATOR
11 Aug 2023 (Fri)	-	<i>Settling in</i>	-	-	-	-
12 Aug 2023 (Saturday)	08.00am to 05.00pm	<i>Urology Exit Exams</i>	Serve as External Examiner for Urology Exit Examination for Final Year Residents: External validation of the National Urology Residency Programme	No	<i>NUS (10 pax)</i>	Ms Siti Hawa
13 Aug 2023 (Sunday)	-	<i>Settling in</i>	-	-	-	-
14 Aug 2023 (Monday)	07.30am to 11.0am	<p>Lecture (1): <i>Translating "Improving Surgical Training" to improving urology training, what can the Urology faculty and residents learn from the IST project</i></p> <p>Roundtable faculty discussion: <i>The evolution of Urology Residency Training</i></p>	<p>A discussion on the implementation of best practices in UK Surgical training for Urology Residency training at NHG cluster. How to successfully implement the following CBME elements in surgical training?</p> <ul style="list-style-type: none"> • Procedure-based assessments (PBA) • Case-based discussions • Direct Observation of procedural skills • Clinical Evaluation Exercise (CEX) • Multisource feedback 	No	<i>TTSH Urology Meeting room (30 pax)</i>	Dr Yeow Yuyi
	11.00am to 12.30pm	Early lunch break	-	-	<i>TTSH</i>	
	12.30pm to 1.30pm	<p>Lunch time webinar (2): <i>Workplace-based assessments in surgical training – how to maximize faculty encounters with residents</i></p>	<p>NHG Faculty Development programme to improve faculty delivery of coaching feedback in workplace-based scenarios.</p> <ul style="list-style-type: none"> • Many surgical educators struggle at giving feedback in a workplace-based scenario. Frequently, feedback lack timeliness and specificity. 	No	NHG Faculty development Zoom platform (500 seats)	Dr Faith Chia

			<ul style="list-style-type: none"> • How can we implement faculty development programmes to improve provision of feedback? • Some suggested methods include a Community of Practice and Peer Coaching. What strategies have been undertaken in the UK to train Faculty in provision of feedback? 			
	1.30pm to 2.30pm	Fireside chat with clinical educators on the current challenges in implementing Competency-based Medical Education (CBME)	<p>NHG Faculty Development programme to improve the delivery of CBME. What are the principles of good assessment in the context of CBME?</p> <ul style="list-style-type: none"> • How to ensure assessment is context specific? • How to assess complex tasks? • How to incorporate assessments in the workplace? • How frequent should assessments be conducted? 	No	NHG Faculty Development meeting room (30 pax)	Dr Llewellyn Lee
	2.30pm to 4.00pm	Site visit – NHG education office / Lee Kong Chian School of Medicine	<p>Offer insights for improvement of both postgraduate and undergraduate teaching within the NHG cluster.</p> <ul style="list-style-type: none"> • How does Leeds Teaching Hospitals Trust (LTHT) integrate medical student undergraduate clinical training and postgraduate complex procedures training in a safe setting, without risk to patients? • How does LTHT integrate instructional methods such as procedural simulators, blended eLearning modules, and in-situ simulation to reinforce learning processes, improve communication skills, and develop team performance? 	No	TTSH / LKC School of Medicine (30 pax)	Dr Yeow Yuyi
15 Aug 2023 (Tuesday)	07.30am to 9.00am	Lecture (3): Updates on the Surgical Education in UK through the "Improved Surgical Training" Programme	The IST programme involved restructuring of rotas, implementation of competence-based progression, enhanced training for surgical residents, and curriculum modification.	No	KTPH Kaizen 1 (80 pax)	Dr Tan Ming Yuan

			This lecture discusses how IST has improved clinical proficiency of surgical residents in the UK.			
	9.00am to 10.00am	Roundtable discussion with General surgery faculty: <i>How to train surgical residents while balancing service and education</i>	To discuss the components of the IST programme that are applicable in the Singapore context in the training of surgical residents in NHG	No	KTPH Kaizen 1 (80 pax)	Dr Tan Ming Yuan
	10.00am to 5.00pm	Surgical Proctorship: <i>Anterior Urethral Stricture – Substitution Urethroplasty (1 case booked)</i>	Guidance to local faculty on best practices and appropriate surgical procedures for management of long segment bulbar urethral stricture	No	KTPH Main Operating Theatre (5 observers permitted)	Dr Lau Weida
16 Aug 2023 (Weds)	07.30am to 08.30am	Lecture (4): <i>Appropriate Utilization of Interprofessional teams to optimize training for Surgical Residents</i>	To suggest an evidence-based approach for the optimal use of interprofessional teams to minimize mundane task of surgical residents so that training time can be optimized	No	SGH Urology Centre (30 pax)	Dr Yong Jin
	08.30am to 10.00am	Case discussion: Bladder augmentation <i>Case 1): Prevention and management of complications</i> <i>Case 2): Renal transplant in patient with an augmented bladder</i>	Guidance to local faculty on the selection and management of patients who require bladder augmentation using bowel	No	SGH Urology Centre (30 pax)	Dr Yong Jin
	10.30am to 12noon	Site visit of SKH Simulator training facilities	Exchange ideas on the innovative use of simulation in experiential learning for Urology residents <ul style="list-style-type: none"> A comparison of SKH simulator training facilities with the Leeds Clinical Skills and Simulation Training Centre at St James University Teaching Hospital. The Leeds centre is accredited by the Royal College of Surgeons (RCS) and is well known in both national and international spheres, for the creation and continuation of the award-winning National Urology Boot Camp. 	No	SKH	Dr Neo Shu Hui
	12noon to 1.00pm	Lunch Break	-	-	SKH	

	1.00pm to 5.00pm	Roundtable discussion: <i>Setting up a Men's Health clinic</i>	Expert opinion on best practices for starting a Men's Health or Andrology clinic with consideration for holistic care	No	SKH Meeting Room (30 pax)	Dr Neo Shu Hui
17 Aug 2023 (Thurs)	7.30am – 8.30am	Lecture (5): <i>Does competency-based medical education translate to clinical proficiency?</i>	A review of the evidence behind CBME, including the use of Entrustable Professional Activities (EPAs) and the ability of residents to translate CBME to clinical proficiency	No	NUH Meeting room (30 pax)	Dr Joe Lee
	8.30am to 12noon	Site visit of NUH Urology facilities Small group discussion on Men's Health / Reconstructive Urology services	Review of specialist clinic and operating theatre operations as a healthcare administrator to advise on avenues for operational quality improvement		NUH Clinic (20 pax)	Dr Joe Lee
	PM	<i>Off-in-lieu of workshop on 19 Aug 2023 (Sat)</i>	-	-	-	
18 Aug 2023 (Fri)	7.30am to 9.00am	Hospital Grand Round VE lecture (6): <i>What has the UK learnt from Competency-based Medical Education (CBME)?</i>	Enhance clinical educators' understanding and application of CBME in both undergraduate and postgraduate medical education	No	KTPH Auditorium (300 pax)	Dr Lau Weida
	9.00am to 12.00non	Site visit of KTPH Urology Clinic and services	Review of clinic operations as a healthcare administrator to advise on avenues for operational quality improvement	No	KTPH Urology Clinic (20 pax)	Dr Lau Weida
	PM	<i>Off-in-lieu of workshop on 19 Aug 2023 (Sat)</i>	-	-	-	
19 Aug 2023 (Sat)	08.00am – 5.00pm	Workshop: Lower urinary tract workshop for Medical Officers, Urology Residents, and Reconstructive Urologists Activities (See Appendix A – LUT Workshop Programme): - Lecture (7): <i>Insertion of inflatable penile prosthesis – technical considerations for reservoir placement</i> - Lecture (8): <i>Fellowship training in the UK – how to apply and what to expect</i>	Incorporated to National Training Programme to supplement Urology postgraduate residency curriculum on lower urinary tract disorders including female urethra diseases, male urethra diseases, benign prostatic enlargement, prosthetic surgery, and penile oncology.	Yes	KTPH Main Auditorium (300 pax)	Dr Lau Weida

		<ul style="list-style-type: none"> - Lecture (9): Penile Cancer management at a Supra-regional Centre in UK - Grand Round: Case discussions on Anterior Urethroplasty 				
20 Aug 2023 (Sun)	-	Departure	-	-	-
