

Driving Value and Transforming
Care for Patients, Together

A SHARED COMMITMENT TO BETTER CARE, SMARTER USE OF RESOURCES

AVBC is a system-wide movement to foster a value-conscious culture across all levels of healthcare.

It's not about more care—it's about the right care that truly benefits our patients and ensures our system stays sustainable.

WHAT AVBC LOOKS LIKE IN PRACTICE:

CARE IS
EVIDENCE-BASED
AND STANDARDISED

CARE IS
PATIENT-CENTRED
AND GOAL-ORIENTED

CARE IS
RIGHT-SITED FOR
EFFECTIVENESS
AND EFFICIENCY

CARE IS
COORDINATED AND
INTEGRATED ACROSS SETTINGS

CARE IS
COST-EFFECTIVE
AND SUSTAINABLE

AVBC empowers clinicians, administrators, and system planners to make care decisions that improve outcomes, reduce waste, and support long-term resilience.
