General Information on Cultural Matching Fund

1.3.1 Overview

Established by MCCY, the Cultural Matching Fund (CMF) provides matching grants for private cash donations to registered charities in the arts and heritage sector.

The CMF aims to encourage giving to our arts and heritage sector. This will create a more sustainable arts and heritage scene, and one in which more people in Singapore have a stake. The CMF will match monetary donations received by the eligible organisations, from individuals, foundations, and corporations. The CMF doubles the value of every cash donation for the receiving organisation which can be put to various uses, including developing capabilities for the long-term sustainability of the organisation and the cultural sector as a whole.

1.3.2 Eligibility

Only Arts and Heritage Charities and IPCs are eligible for the CMF. These principally include the Charities and IPCs classified by the Commissioner of Charities to be primarily engaged and operating in the arts and heritage sector. The CMF Secretariat may also consider other exceptional Charities and IPCs that conduct significant arts and heritage activities, such that they contribute to the benefit of the arts and heritage sector, to be eligible for the CMF on a case by case basis.
